Table 1. Relative (X, Y) pixel positions and CCD BVI magnitudes of stars measured in the field of NGC 7790 are presented. In the last column of the table F, I, O, P and R represent star nos. in Frolov (1977), Iyeshima et al. i 1994, Odewahn et al. 1992, Pedreros et al. 1984 and Romeo et al. 1989 respectively. Star Nos. given in column 1 is the same as Phelps Janes 1994. Star Nos. satring from 5001 is new detection of stars in this cluster.

Star	X (pixel)	Y (pixel)	V (mag)	(B-V) (mag)	(V-I) (mag)	Other Identifications
